TO CIRCLE THE GLOBE

Long Journey For Admiral Evans' Bip Fleet of Warships.

NEW FLEET BEING PLANNED

While the Big Fleet is Circumnavigating the Globe, Atlantic Coast Will Not Be Left Unprotected—Plans of the Navy.

New York, Septp. 6.—Some interesting information bearing on the dispatch of Admiral Evans' battleship fleet to the Pacific is published in the Times and is credited to high authority. The administration, it is stated, does not mean to confine the fleet's movements to the Pacific coast. The president's plan is to send the warships on to Hawaii and then to the Philippines after their visit to California ports.

When orders are issued for their return the route designated will be

By Way of Suez Canal.

via the Suez canal. Thus, the fleet will circumnavigate the globe. It is further learned, that in the meantime the Atlantic coast will not be left unprotected, but that at the instance of President Roosevelt, the navy department has begun to plan the mobilization of another fleet to replace that under Admiral Evans.

The flagship of the new fleet will be the New Hampshire, 16,000 ton battleship, which is to be ready for commission early in January. As soon as possible she is to be joined by the Mississippi and the Idaho, two first-class battleships, 15,000 tons each, now under construction by the Cramps and nearing completion..

Three Powerful Vessels.

These three powerful vessels will have as consorts, three veterans of the Spanish war, the battleships Iowa, Indiana and the Massachusetts, which are now being modernized.

This fleet of six battleships, will have as its auxiliaries, the three new scout cruisers, which are almost ready for service, the Chester, Birmingham and Salem. Subsequently, the new Atlantic fleet will be reinforced by the two 16,000 ton battleships, Michigan and South Carolina, and the two fast armored cruisers of 14,500 tons each, the North Carolina and Montana.

GRIEF DROVE HIM TO SUICIDE.

Mauppin Could Not Bear Separation From Wife of a Day.

Annapolis, Md., Sept. 6.—Grief over the fact that he must separate from his wife of a day led Alvin Mauppin, of Clay City, Ky., a yeoman in the United States navy to take his life Wednesday.

Mauppin was on leave of absence when he married Miss Ellen Curran of this place, Tuesday.

The couple were planning for a ten-day honeymoon, when an order came to Mauppin to report for duty forthwith. This sudden breaking up of his plans is believed to have unhinged his mind. His bride is prostrated.

REPORT IS DENIED.

It is Said No Attempt Was Made to Assassinate Austrian Ruler.

Vienna, Sept. 6.—It is officially stated that there is no truth in the reports of the attempted assassination of Emperor Francis Joseph.

An old peasant, carrying a cane, attempted to approach the emperor for the purpose of presenting a petition which led to some confusion, and the circulation of the rumor that an attempt had been made on the life of His Majesty.

Private information on the subject corroborates the official statement that no attempt was made to assassinate the emperor.

Died on Shipboard.

New York, Sept. 6.—A. Preston Keaghch of New Orleans, a passenger of the Steamer Comus, died suddenly on board ship on Sept. 3 from cerebral hemorrhage. The body was buried at sea.

GIRL HELD PRISONER.

Is Great-Grand Daughter of Ex-President Zachary Taylor.

St. Louis, Mo., Sept. 6—Ben Von Phul, acompanied by his wife, left St Louis Wednesday night for New York, to try to have Miss Sallie Taylor, great-granddaughter of President Zachary Taylor, discharged from the psychopathic ward at Belleville hospital.

She is alleged to have been put there for the purpose of keeping her out of the way of her employer, Mrs. Blossom, of St. Louis, whose health is estimated at more than a million dollars.

It is alleged by the Von Phuls that a rich New Yorker, who by marriage is distantly related to Mrs. Blossom, has for a long time been envious of the intimate friendship that Miss Taylor has been enjoying at the home of Mrs. Blossom and is afraid that she would inherit the fortune.

Mrs. Blossom's only son died three weeks ago. Miss Taylor, who is a trained nurse, is a sister of Mrs. Von Phul. It appears that Mrs. Ben Von Phul has received a letter signed by Miss Taylor from Carmen, N. Y., where it had been picked up alongside a railroad track. The letter from Miss Taylor said she was being held a prisoner and asked for help.

LEAPED INTO FALLS.

Unknown Man Jumped to His Doom at Niagara.

New York, Sept. 6.—For the first time Wednesday night the power of Niagara Falls was turned back to illuminate the falls.

Lights aggregating 14,115,500 candlepower, thrown from thirty-six great reflectors, changed the mass of water into a sparkling cataract. Twenty-one 15-inch and 15 3-inch searchlights, set in batteries scattered along the gorge, with those on the cliffs above on the Canadian side, converged their rays first on the American falls and then on the Horseshe.

At first the light was white, but gradually it crept into a tinge of yellow, until the floating mass of water glistened with all the soft tinges of the rainbow.

A startling tragedy occurred on the steel bridge shortly after 9 o'clock. Hundreds of people had gone out on the bridge to get a view of the falls under the searchlights. An unknown man in the crowd suddenly leaped upon the railing, stood posed for a moment, and then leaped into the chasm. His body struck the water 192 feet below, and disappeared in the rapids.

MONUMENT TO McKINLEY.

Obelisk Erected by the State of New York to His Memory.

Buffalo, N. Y., Sept. 6—The monument dedicated here Thursday to the memory of Wm. McKinley was erected by the state of New York on a site provided by the city of Buffalo.

It is in the form of an obelisk of white marble, 86 feet high and is situated at the Niaga Square, the intersection of Niagara and Court Sts. and Delaware avenue.

The obelisk rests upon a pedestal 14 feet high, the base of which is 12 feet above the street lever. The whole is surrounded by a tesselated promenade, embellished with ornate parapets and ballustrades and running fountains.

At the base is the following inscription:

"This shaft was erected by the state of New York to honor the memory of William McKinely."

Man Commits Suicide.

New York, Sept. 6.—James A. Lewis, a civil engineer, known locally as "the man with the wry neck," shot and killed himself in his room in Brooklyn. He gave himself his peculiar nickname in a strange personal which he had published in a daily paper last June. Lewis was an enigma to all who met him, never speaking of his family or antecedents except to hint that his father had been murdered and his mother and himself maligned by the agents of some secret societies whose enmity his father had incurred. It is believed the man was insane.

POLICE ON THE ALERT

Searching Two Big Cities For "Badger Game" Workers.

ONE OF THEM IS A WOMAN

Two Men and a Woman Are Charged with Robbing and Murdering a Venearble Justice of the Peace in Cincinnati.

Chicago, Sept. 6.—Three "badger" workers—two men and a woman—charged with robbing and murdering R. F. Singleton, a venerable justice of the peace in Cincinnati, after attempting to fleece him by the old-time "injured husband" dodge, are being sought for in this city by Chicago and Cincinnati detectives.

Three satchels addressed to one of the alleged criminals are waiting to be claimed at the office of the American Express company.

All day Wednesday detectives haunted the office, but no one appeared to claim the baggage. All day, too, detectives watched the general delivery windows at the postoffice.

The leader of the trio, who is said to have assumed the name of "Castro," narrowly escaped arrest. He called for a letter three minutes before the officers began their vigil.

The police believe the criminals will be arrested soon.

POLITICAL SENSATION.

Fraud Charged to Prominent Citizens of Allegheny City.

Pittsburg, Sept. 6—A political sensation was created here when it became known that the grand jury had indicted four prominent politicians of Allegheny city.

Three of the men indicted are Elliot Rogers, member of the state senate of Pennsylvania and former common pleas judge of the Allegheny courts; Samuel Green, director of the department of safety of Allegheny county; W. H. Lamb, a leading Allegheny politician.

There were separate indictments against each on the charge of misdemeanor, and another indictment charging them jointly with conspiracy to aid and abet a misdemeanor. In the indictments are allegations of conspiracy to procure false registration and fraudulent voting, procuring of a false registration and fradulent voting and conspiracy to issue fraudulent tax receipts.

The indictments, it is said, are based upon the election of 1906, and are the outgrowth of a crusade waged by the voters' league of Allegheny City.

Trio Hurt in Runaway.

Eatonton, Ga., Sept. 6.—While driving down Maple avenue, Mrs. Charity J. Reid and her grand-daughter, Miss Annie Laurie Jenkins, were hurt in a runaway. Hearing a freight train coming, they both jumped from the buggy under the trestle on Fair street and attempted to hold the animal. The mule ran away. Mrs. Reid was thrown out of the buggy and dragged some distance.

Trial of Alleged Moonshiners.

Greensboro, N. C., Sept. 6—A special term of the United States court is being held here this week for the purpose of trying a dozen illicit distillers, captured near Smithtown, a small town in Surry county, of this state, in one of the most famous raids ever heard of in North Carolina. Judge James E. Boyd will preside.

Former Mayor Dead.

Huntsville, Ala., Sept. 6.—Jere Murphy, a prominent broker and politician, and ten times mayor of the city of Huntsville, died suddenly on Tuesday. He was 73 years old, a confederate veteran, and leaves a widow and five children.

Boy Bitten by Supposed Mad Dog.

Athens, Ga., Sept. 6.—The little six-year-old son of Mr. Dawton Williams, of Madison county, was bitten by a mad dog. He was taken to Atlanta for treatment.

U. S. JUDGE STILL ENJOINING.

Another Opinion Handed Down by Jones, of Alabama.

Montgomery, Ala., Sept. 6.—In an opinion handed down Wednesday, U. S. Judge Thomas G Jones held that there is no way of settling the question of the right of the state in regard to rates except by a court of equity. He also holds that the only way to get at the matter is to make a full investigation. To this end he has granted an injunction restraining state and county officers from prosecuting for violation of acts restrained in his court, holding that such violation under the circumstances is not such as to bring about a criminal deed. Not to grant the injunction, he says, would mean great inconvenience to not only domestic but interstate passengers and delay the mails. To refuse the injunctions would be to make possible irreparable injury.

The ruling in the case is on the application of the Louisville and Nashville for an injunction to restrain sheriffs and solicitors as well as other officers.

HUSBAND DEAD; WIFE ARRESTED

Cleveland Society Shocked by Developments in Phillips Tragedy.

Cleveland, O., Sept. 6.—Developments in the investigation into the death of John L. Phillips, coal broker, banker and clubman, came thick and fast, and took a sensational turn when Mrs. Phillips, widow of the deceased, was taken in custody.

Mrs. Phillips has been in a highly nervous state since the tragedy early Monday morning, after which a statement was made that her husband had been shot and mortally wounded by a burglar.

Wednesday afternoon she collapsed and was not able to attend the funeral. It was shortly afterward that the chief announced that, after a conference with the deputy coroner, he had taken the widow into custody.

The police are reticent, and whether they believe Mrs. Phillips committed the murder or whether they merely believe she can give facts concerning the tragedy does not now appear.

ASKS MANDATORY ORDER.

Lessees of Georgia Road File Petition in U. S. Court.

Atlanta, Sept. 6.—As lessees of the Georgia railroad, the Louisville and Nashville and the Atlantic Coast Line railway companies Wednesday afternoon filed in the United States circuit court a petition for a mandatory injunction against the state railroad commission, to have its 2½ passenger rate as applicable to the Georgia road set aside. The litigation is similar in all of its legal details to the several other suits that have been instituted against the commission.

The petition sets up that the 2½-cent rate will decrease the earnings of the Georgia railroad by $95,000 a quarter, and will therefore be confiscatory and contrary to th econstitution of the United States.

FIERCE FIRE RAGING.

Lumber and Warehouse District at Antwerp Threatened.

Antwerp, Sept. 6.—The fire which was started in a lumber yard Wednesday night by rioters, necessitating calling out troops to assist the firemen in fighting the flames, was still burning Thursday morning, threatening the destruction of the lumber and warehouse district of the city.

Help has been summoned from the city of Brussels and Ghent.

Windpipe Cut. He Still Survives.

Athens, Ga., Sept. 6—Z.T. Howard, a white man, aged 50 years, with a wife and several children, attempted to commit suicide by cutting his throat with a razor. His windpipe was entirely severed, but, despite the terrible wound, he is still alive, and has a fair chance for recovery.

Killed Under Cotton Bale.

Elmville, Ala., Sept. 6—Lige Sistre, a negro, was killed under a 500 pound bale of cotton which fell on him. The cotton was on the platform of a gin house at a good elevation and the negro was standing on the ground below.

FIX PRICE OF COTTON

Farmers' Union Adopt the Report of their Committee.

BARRETT AGAIN PRESIDENT

Union Also Fixed Minimum Price on Other Products—Many Other Important Matters Were Disposed Of by the Delegation.

Little Rock, Ark., Sept. 6.—The convention of the Farmers' union has unanimously adopted the report of the committee especially appointed for that purpose to fix the price of cotton at 15 cents per pound. The prices on wheat, corn and Sea Island cotton were also made.

The convention condemned the methods of a Texas warehouse company which is operating in Texas, Oklahoma and Louisiana. This company is an independent concern, composed of outsiders, at the head of which are several bankers. Acting Governor Pindall addressed the convention at its morning session.

The price of Sea Island cotton was fixed at 44, 48 and 50 cents per pound.

The warehouse committee recommended the building of warehouses all over the south for the purpose of holding the staple for the price, and also, to sell direct to the spinners. Direct trade relations with the manufacturers are assured. The minimum price for wheat was fixed at $1 per bushel; corn 60 cents; oats 35 cents. These rates apply in the grain belt.

Charles S. Barrett, of Georgia, was elected national president. O. P. Pyle, of Texas, placed in nomination the name of Mr. Barrett, and J. L. Lee, of Georgia, seconded it. Mr. McCulloch, of Arkansas, was elected secretary. Miller of Texas; Moore of Alabama; Wilson, of Mississippi and Jefferds, of Oklahoma, were elected committeemen.

The report of the state business agents shows that the cotton crop is far below the average, and much short of last year. In Georgia the crop is 10 per cent off from last year. In Texas, it is claimed, only 3,000,000 bales will be raised. In the middle gulf states the crop is very short.

The convention adopted the plan of the state business agents to establish a national bureau. This bureau will be located at the national headquarters. Through the medium of this bureau the producer of the west may sell his products to the consumer in the south direct, and vice versa. The establishment of the bureau is considered one of the wisest moves the union has yet made.

The convention condemned methods of certain warehouse building companies who are using the name of the union and officers to further their schemes.

Over three hundred delegates are present and the total membership of the union is estimated at 1,000,000.

The reports of state unions indicate that the movement is gaining favor with the real producers of wealth on the farms of the south, north, east and west.

The convention will finish its deliberations by Thursday night.

Telegrapher Under Charge.

Chicago, Sept. 6—George S. Birdsell, a member of the Commercial Telegraphers' union, was arrested on a state warrant charging him with maliciously tampering with telegraph wires owned by the Western Union Telegraph company. The charge against Birdsell is that he interfered with the wires near the office of the company in the suburbs of Mayfair on Aug. 22.

Big Catch of Mackerel.

Portland, Me., Sept. 6.—The mackerel fleet of sixty-five vessels, composed mostly of craft from this port and Gloucester, Mass., now in port, nearing the close of the summer mackerel season, report that in the aggregate the vessels have stocked $50,000 worth of fish.

John Holly Purchased About 400 Head from the Ramsey Estate

John Holly, the merchant and stockman of Arredondo, may now safely be classed as the leading cattleman of the county, having recently purchased from the Thos. G. Ramsey estate at that place the entire herd of cattle, comprising about 400 head.

With this addition to Mr. Holly's former herd, those in a position to know state that he owns between 1,500 and 2,000 head of cattle. The range is fine, and there is no reason why he should not be independent the balance of his life.

Mr. Holly was in the city Friday, when the reporter approached him in the matter of his recent purchase and his cattle possessions generally. He admitted that he had purchased the Ramsey herd, but declined to give the number of cattle on his range.

"It has been stated, Mr. Holly, that the addition of this Ramsey herd to your range will make you the leading stockman of the county. Is this statement correct?"

"Well," replied Mr. Holly, modestly, "I will have nothing to say regarding that. I will say, though, that my 'bunch' will make quite a showing when I get them all rounded up."

Friends of Mr. Holly will be glad to learn that he is prospering in this, which is rapidly becoming one of the leading industries of the country.

Teddy Bears Will Be Scarce.

New York, Sept. 6—The first strike in the Teddy bear trade has occurred in this city. A strike of Teddy bear makers took place Tuesday in the factory of the Bruin Manufacturing company. Only stuffers quit work, the leg, arm, trunk and head artists refusing to strike in sympathy. The strike was against a reduction of prices paid to the stuffers for piece work.

JUSTICE COLMAN'S COURT.

Colored Woman Had Collector Arrested Upon Flimsy Charge.

There was quite an amusing session of Justice Colman's court Friday morning, which was as ridiculous as it was amusing.

Susie Cooper, colored, purchased a mattress, it is alleged, on the installment plan from the Gainesville Furniture Company, under the regular contract. It also appeared that the purchaser failed to comply with the terms of the agreement, becoming considerably delinquent.

As a last resort, believing that it would be a difficult proposition to collect the balance without using stringent measures, the firm sent a collector to the woman's home with instructions to either return with the deferred payments or the mattress.

This procedure evidently did not set well with Susie, who stood her ground defiantly until she discovered that her muscular proclivities were inferior to those of the collector, who followed the instructions of his employers.

The result was a warrant, sworn out at the instigation of Susie, the charge being breaking and entering with intent to commit a misdemeanor. The warrant was served, the case came before the Justice for trial, but that official saw nothing in the case and dismissed the defendant.

DOCTORS PRESCRIBE SULPHUR.

But Sulphur Should Be Used in Liquid Form Only.

"Hancock's Liquid Sulphur is the most wonderful remedy for Eczema I have ever known," writes Dr. W. W. Leak of Orlando, Fla., who was cured of a case of years' standing.

Dr. W. A. Heard of Maitland, Fla., was cured of Eczema after he had suffered for thirty years, and says: "Hancock's Liquid Sulphur is the finest remedy for all Skin troubles he has ever used or prescribed."

Doctors everywhere prescribe it, but they say sulphur should be used in liquid form only, as it is in Hancock's Liquid Sulphur.

Druggists sell it. Booklet free, if you write Hancock Liquid Sulphur Co., Baltimore.

It cures all skin and scalp diseases, if used in connection with the wonderful Hancock's Liquid Sulphur Ointment.

EXAMINATION HAS COME TO A CLOSE

Dr. Kelley Is Well Pleased With Personnel of Applicants.

PAYS THEM HIGH COMPLIMENT

Declares It Was One of the Most Intellectual Aggregations He Has Ever Had the Pleasure to Meet—Also Compliments Prof. Cassels.

After four days' session of examination of applicants for school teachers, the examinations closed Friday afternoon.

The examination, which was conducted by Prof. W. H. Cassels of the Alachua school, was held in the auditorium of the Gainesville Graded and High School, and was well attended, a number of new applicants having entered, many of them nonresidents of the State who have decided to take up the profession of teaching in Florida.

In speaking of the general personnel of the applicants, County Superintendent Dr. J. L. Kelley on Friday stated that he was well pleased. "It is one of the most intelligent appearing aggregations as a whole it has been my pleasure to meet," he said, "and I feel sure that no county in the State will have a more efficient corps of teachers than Alachua during the coming scholastic year."

Dr. Kelley also complimented Prof. Cassels on the excellency of his work and system in handling the examination, which passed off most pleasanly and successfully.

There were only two applicants for teachers in the colored schools. This examination, conducted by Hon. R. B. Weeks, chairman of the Board of Public Instruction, was conducted Thursday.

Both examinations were conducted under the direction of Superintendent Kelley.

White Man Now in Jail Will Give Bond and Secure His Release.

K. W. Fellon, the young white man arrested by Marshal B. T. Arnow as he alighted from a passenger train of the Atlantic Coast Line in an intoxicated condition a few days ago, and upon the person of whom the officer found a 38-calibre revolver, will not have to spend three months in the county "gang," as prescribed by the sentence of Justice Colman's court, according to the statement of Sheriff Fennell.

Fellon went to jail in default of the fine of $100 and costs. He has prepared a ninety-day bond, however, for the payment of the fine, which he says he can arrange to pay within the time prescribed, and when this bond is properly signed and executed it will secure his release.

SAFE AT WEST POINT.

H. LeRoy Taylor Arrived Safely, and is Now Down to Work.

H. E. Taylor has received a letter from his son, H. LeRoy Taylor, a student of West Point Military Academy who spent his vacation here, leaving a short time ago to resume his studies, to the effect that, after a pleasant trip northward, he reached his destination safely and is again down to hard work.

Mr. Taylor concluded his letter with the statement that he had been pleasantly surprised in meeting two Gainesville young ladies, Misses Minna Hampton and Christine Richards, at West Point, and that he had attended a hop with them.

Misses Hampton and Richards are visiting friends in West Point.

The Corrs Have Gone.

Mrs. P. W. Corr and daughter, who have been residing with Dr. Corr in the Baptist parsonage, East Gainesville, for the past few weeks, left Thursday for Dade City, which place they will make their home for at least during the coming scholastic year.

Dr. Corr, who is regarded as one of the brightest educators in the State, has been appointed to the principalship of the South Florida Normal Institute, and it goes without saying will make that institution a success. He was a member of the faculty of the State summer training school in this city, which is the highest recommendation for efficiency which could have been bestowed upon him.

An advertisement of the South Florida Normal Institute is running in The Sun.

The Corr family have added a great deal to the society of Gainesville, and it is with regret that our people see them leave.

Will Move to Hawthorn.

Mrs. Reddick and family, who have been residing on West Main street N. for the past year, expect to leave for Hawthorn today, where the former's daughter, Miss Eddie, has accepted a position on the faculty of the Hawthorn school.

Miss Reddick is one of Alachua county's most energetic, efficient and popular teachers, and the appointment to such important position as has been tendered her is indeed a compliment to one so young.

Mrs. Reddick and family will be missed, but friends wish them much success and happiness in their new home.

NEWS OF CITY AND COUNTY CONDENSED

J. H. Kelly of South Florida was in the city yesterday. Mr. Kelly is on a visit to his brother at Paradise.

Mr. J. K. Abrams and children have returned from a delightful and beneficial outing in North Carolina and Tennessee, returning via Atlanta. Mr. Abrams also visited the furniture markets while absent, purchasing for the Gainesville Furniture Company a large and handsome line of goods.

After an absence of about two weeks, during the greater part of which time was spent in Asheville and other points in North Carolina, Dr. J. Harrison Hodges has returned home. He reports a delightful time, and says the weather in North Carolina at this season is fine. He also visited the Jamestown Exposition while absent.

LATTER DAY SAINTS.

Occupied Street Corner and Preached to Fair-Sized Audience.

A band who style themselves the Latter Day Saints occupied the corner of East Main and Union streets Friday night, attracting quite a crowd—and, by the way, a cosmopolitan one of all ages—by their singing.

The band comprises two gentlemen and three ladies, and after the crowd had congregated the speaker delivered a stirring sermon, explaining the religious belief and principles of their denomination.

This band has secured permission to conduct open air meetings, and will likely remain here for several days.

Cures Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar in the yellow package, and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

Took Prisoners to Dunnellon.

Deputy Sheriff I. T. Walker has returned from Dunnellon, where he went to take two prisoners convicted in Justice Caswell's court, third district, and sentenced to six months each in the "gang." One of these prisoners was a woman.

Indeed, the way of the transgressor is hard.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co. Detroit, Mich.

THE DOG AND THE CRIMINAL.

"The introduction of dogs into the tracing of criminals in New York," says The New York Commercial, "is now apparently only a question of months. So much has recently occurred, both in this country and abroad, to substantiate the claim for great efficiency on the part of dogs in ferreting out those guilty of murder and other heinous crimes that the burden of proof is already upon those who would deny the value of the canine detective.

"While Belgium seems to have been the first country to give the dog a thorough trial in tracing fugitives from justice, so successful were the experiments, especially in Ghent, that France, Austria and Holland have since followed this example. In France has developed a burglar-hunting hound whose work is not only remarkable for a dog, but surpassing that of the police themselves in certain difficult cases. Police dog competions, even, are being held at this time in Paris and, judging by the cabled reports, feats are being performed by the dogs quite astonishing to the police themselves, while crowds watch the animals whenever they appear on the streets.

"As was noted in our columns recently there is already a training school for dogs in tracing and detective work in our own State, and their efficiency has been tested from time to time in one of our smaller cities. Hounds, and especially young bloodhounds, are found to be apt pupils here as they have been abroad. They seem to be especially able to pick up a trail already days old and run it down with remarkable assurance. But the capacity for training in this matter is by no means confined to any one breed, for there have been some remarkable deeds in detective work performed by mongrels picked up as strays in our cities. Nearly every city police department has records and stories of just such dogs.

"The value of dogs as auxiliaries in life-saving work that devolves on police who patrol every water front has long been understood, and, by careful encouragement, could be easily increased. It would seem therefore that by his watchfulness, his skill in saving life from drowning, and his possibilities in tracing criminals, the trained dog is eminently fitted for a place on the auxiliary police force."

HE NEEDS NO SUCCESSOR.

The Pagoda Pilot, referring to the candidates for United States Senator, says: "Occasionally some individual in the State is stung by that rather rare pernicious insect, the senatorial bee, and at once announces himself a candidate to succeed Mallory. Just why anyone in this State should for an instant indulge in the thought that Senator Mallory requires a successor is beyond the comprehension of the average Floridian, and quite disgusting to the majority of the voters. Senator Mallory has been a quiet, diligent worker for the State in the halls of Congress; he has succeeded when others have failed; he has been true to the trust reposed in him under all circumstances; and he is a man whom the masses justly honor and care for. He has maintained the high standing of the honorable Mallory name, a name which our State is proud of, and deserves all that Florida can give him in the way of political preferment. There are altogether too few such worthy public servants in Congress, and the people can do no greater honor to themselves than to unanimously resent any effort to replace this tried and experienced worker by anyone whose chief capital is their political aspirations. Let's have no experiments in the matter of a United States Senator."

The Times-Union says "there is a little Japan down the East Coast that is much better than an Oriental colony in a big city. Our Japanese settlement is constantly growing and is making money. It will soon be recognized as one of the show places among the many atractions of Florida." The settlement is named Yamato, and The St. Lucie County Tribune has the following to say of the place and its people: "There are now about forty of the Orientals gathered there, most of them being fruit growers and truck farmers. They raise pineapples and light garden stuff. Their houses are built like those of their native country, with fences about them, the gates of which are fifteen feet high. They cultivate eighty or more acres, and are as prosperous as can be. The people of the surrounding country think well of the Japanese, for the latter are a sociable, well-mannered set, and would not for any consideration pass you on the road without waiving their arms in salutation. The colony was established a little less than two years ago. Most of the Japs talk their own language, though a few of them are educated in English. Most of them, too, are bringing over their families. Yamato, as the settlement is called, is about twenty-one miles south of Palm Beach."

Deputy Sheriff Kurtz of Volusia county was recently instantly killed by the discharge of his pistol, caused by the weapon falling from his scabbard and striking a plank while he was in a stooping position. He was a fearless, efficient officer and his death is deeply regretted.

The Sun is in receipt of the fourth issue of The Greenville News, a six-column folio with J. W. Bishop as editor and W. I. Phillips manager. It is a neatly printed and well edited publication which reflects credit upon the town in which it is published.

October 8th is the day set for deciding the question as to whether the sale of liquor shall be continued in Orange county. The probability is that the county will vote against license.

The Madison New Enterprise is of the opinion that the next gubernatorial campaign will be sufficiently "warm" without John Stockton injecting himself into it.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

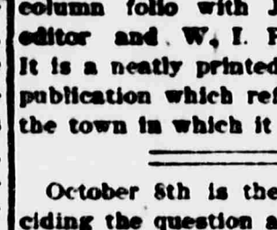
The Cause of Many Sudden Deaths.



There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle
